Professional Summary

Detail-oriented Frontend Developer with strong experience building responsive, user-friendly web applications using **React**, **Next.js**, **TypeScript**, and **Tailwind CSS**. Passionate about clean UI, reusable components, and performance optimization. Comfortable collaborating with designers and backend developers to deliver scalable products.

Technical Skills

Frontend: React.js, Next.js, JavaScript, TypeScript

Styling: Tailwind CSS, CSS3, Responsive Design

UI Libraries: shadcn/ui

Tools: Git, GitHub, Vite, Figma, npm

Concepts: Component-based architecture, REST APIs, State Management, Accessibility (a11y)

Projects

Portfolio Website

- Built a personal portfolio using **Next.js** and **Tailwind CSS**
- Implemented responsive layouts and reusable UI components
- Deployed on **Vercel** with optimized performance

Blog / Dashboard Application

- Developed dynamic pages using **React Router / Next.js routing**
- Integrated REST APIs with authenticated fetch requests
- Used **TypeScript** for type safety and maintainability

UI Components Library

- Created reusable components using **shadcn/ui** and **Tailwind**
- Followed accessibility and design consistency principles

Education

self taught

Additional Information

- Familiar with Agile / Git-based workflows
- Strong problem-solving and communication skills
- Actively learning advanced frontend patterns and performance optimization
